

“IZM MENTIONS THE TRUE FACTS”

I, Capt. S.A. Hadi Sadiq, Secretary of IZM along with my President and Board members would like to address our donors and well wishers.

Since last few days two of the IZM Board members Mr. Baqar Hasan and Mr. Mir Ahmed Ali Khan has spoken their personal grudge & allegations against IZM and spreading through what's App & You tube. Probably their intention is to tarnish the image of IZM in public. Earlier we thought that we should not reply to such false allegations but based on the advice by our senior well wishers, we thought of clarifying those false allegations.

Mr. Baqar Hasan is a member of IZM for last 26 years and Ahmed Ali Khan is also a member of IZM for last 16 years. This shows that they are also equally responsible for all the achievements and mistakes, if any of IZM. If they were so unhappy or disagreed with any project or decision of IZM, it would have been morally better for them to resign from IZM, after which they could have spoken against IZM at any place.

Now, as the blame game have been started. We would like to clarify & defend IZM.

IZM is running 4 schools since last 32 years in Hyderabad, out of which two schools in yakutpura for 26 years. The main objective of having schools is to educate & uplift the economical condition of poor & downtrodden families of our community of slum areas. Further these schools have helped in increasing the percentage of literacy, to the large extent.

To establish these schools IZM members have taken lots of efforts to convince the parents to spare their children for education. With great difficulty we could get only 90 students, that too after reimbursing the wages to the parents.

For imparting good education, infrastructure facility like building was a must, hence IZM approached Sajjadiyya Trust. The 4 school buildings having facilities like science lab, computer labs, library, spacious class rooms & sufficient large play ground were constructed with the donation of Sajjadiyya Trust. IZM is grateful to Sajjadiyya Trust for their generous donations.

Due to some unavoidable circumstances, our donations have decreased since last couple of years and the cost of running the said schools have also increased a lot. In spite of these factors IZM is managing to run the schools without depriving the staff or the student, with the required facilities, and will continue the same with the same enthusiasm in future also.

This year in the month of January Mr. Sajjad Ebrahim & Mr. Huseinali Bhai Directors of Sajjadiyya Trust visited IZM and the meeting was arranged with the IZM members. In this meeting Janab Sajjad Ebrahim declared that two of IZM schools of Yakutpura should be given to two of the board members Mr. Baqar Hasan & Mr. Ahmed Ali Khan for taking academic and financial management.

The proposal was accepted by all as it was not new. On the request of Mr. Baqaar Hasan & Mr. Ahmed Ali Khan the board in its meeting of November 2017, has already resolved to give sponsorship of these two schools to both the members which was later turned down by them.

The meeting with the donor was an informal meeting hence it was necessary to have a formal resolution in the board. Hence the board meeting was called on 6th April 2019 in which all the members, except Mr. Baqar Hasan & Mr. Ahmed Ali Khan didn't accept the agreement for the following reasons.

Certain unwanted incidents occurred from 22.01.2019 till 06.04.2019 which was against the agreement such as:

1. Both the members insisted that IZM should terminate complete staff i.e., 59 teachers and 16 Non teaching staff. This action, for IZM was not only difficult, but it was impossible because the complete staff would have gone to court of law for terminating all at one time without giving any sufficient reasons. For this they were advice to take the responsibility as it is and then decide, whom they want to retain.
2. Another important point was regarding school license issued by the department of Education which cannot be transferred. This license is in the name of IZES and can be used only by IZES.
3. According to rules of FCRA, it is imperative to show the income & expenditure accounts of the schools and submit the yearly statement of accounts to the ministry of Home affairs. This essential requirement was being violated by agreement which would have adversely effected our 33 years old FCRA license.

Both the members was given responsibility to play a role of mediator between IZM & Focus, which they failed to do and remained always in favour of focus, which proved to be unhealthy for IZM.

Recently unhealthy comparison between Focus School & IZM schools has started. Focus school is a corporate & commercial organization, where at the time of admission parents are interviewed to assess their financial & educational background and Rs.30,000/- is charged as admission and Rs3,000-4,000/- is monthly fees whereas IZM is a charitable organization where the parents economical & financial back ground is never considered and monthly fees of Rs.400/- to 600/- is charged.

The results of the students of IZM are informed to all the donors which is about 80 - 100%. The students passed from the IZM schools have been helped to complete their Junior & degree college. Most of the students who have passed from the IZM schools have successfully settled in their lives and some of them are aboard also.

The result of the students of Focus school is not known to us.

Moulana Agha Mujahid Hussain is a respectable, well educated & experienced personality. He has assured that, if the majority of Board Members don't agree then he will not take up this proposal. In spite of this, expressing negative comments on IZM from the Platform of focus school does not suite him.

IZM is an open book for any donor or well wisher. Any donor or well wisher has any query is most welcome to contact through email or telephone.

Last but not the least, I on behalf of the all the members of IZM thank all the donors & well wishers for patronizing the community through IZM.

Now as Holy month of Ramazan is approaching, I request our donors to please donate generously. Here I also thank the World federation for their generous donation & specially this year they have increased their donation to the large extent compare to previous year.
